נין אברך
September 24, 1778. Notice being previously given some of the Members of our Congregation met to consult what was necessary to be done. The fence of our burying ground being destroyed, the ruins of the church taken down, the cela removed and other damages sustained, and also to consider what provision might be made for our pastor should Divine Providence open a door for a return to his charge again. But as the Members met were but few, it was thought advisable to give notice publicly, to acquaint the Academy by Doctor Grieve of a Meeting at our church on the 4th of December next.

The Members of our Congregation being met agreeable to Notice given by Doctor Lavin at the Academy and some what more numerously than at the last Meeting came to the following resolutions viz.

That Messrs. Bedford and Williams be desired to make an estimate of the cost of boards, nails, and masonry necessary to the putting up of the burying ground;

Williams be appointed to wait on the Reverend Mr. Sydney, desirous him to preach at our church on the next Lord’s Day notifying to the Members of our Congregation that may be there and desiring them to meet at our church at 8 o’clock the day following on important business.
September 24, 1778. Notice being previously given some of the Members of our Congregation met to consult what was necessary to be done. The fence of our burying ground being destroyed, the pews of the Church taken down the seats removed and other damages sustained. And also to consider what provision might be made for our pastor should Divine Providence open a door for a return to his charge again. But as the Members met were but few, since thought advisable to give more public notice at the Academy by Doctor Ewing of our Meeting at our Church on the 1st of October next.
