A few questions to get us started:

General:

- Are small organizations eligible for this grant? How do we know if we're eligible?
- Do the collections we want to digitize need to be about communities in the US, Canada or North America?

Project Design:

- Do you require a detailed description of existing physical objects or collections to already be in place or done?
- Can we use grant funds to create materials like oral histories?

Budget:

- What pre-digitization costs can be requested?
- Can we request funding for creating programming about the digitized materials?

Timeline:

- When are applicants notified whether they'll be invited to submit a full proposal?
